Dear Dr. Stone:

One year has passed since the last Gordon Conference on Elastin and I have begun thinking about the one scheduled for August of 1981. I realize it is still somewhere out there in the future but in order to secure travel funds for participants I need to submit a grant within the next few months. In the grant proposal I need to list a tentative program with possible chairpersons and speakers. I have enclosed a list of possible subjects and would appreciate your suggestions. Would you review the list, adding any others you think appropriate along with your candidate for chairpersons of the sessions and return to me. All in all there are nine sessions that need to be scheduled.

Any other thoughts you have on the matter will be greatly appreciated.

Best regards,

Joel Rosenbloom
Chairperson, 1981 Gordon Research
Conference on Elastin
